

Student Barometer

The definitive measure of the student experience

Your custom survey for all students: all levels, all locations, all years of study, benchmarked.

The Student Barometer™ (SB) tracks and compares the decision-making, expectations, perceptions and intentions of students from application to graduation. With our customised approach, we give your international and domestic students a voice and we give you the full picture, surveying students across all fields and levels of study. Your Barometer enables you to make informed decisions to improve the whole student experience.

Are all your students recommending you?

The Benefits

With the Student Barometer, institutions can incorporate multiple student surveys into a single-source solution for students across all levels and across all locations. The process enables you to track and compare satisfaction levels of your students and to identify specific areas of key importance to them. Most importantly, it will help you to identify whether your students would recommend you to others.

This information will help you to:

- Action plan with senior staff across all areas of the student experience to deliver institution-wide change
- Develop targeted communications to prospective students
- Inform your recruitment and retention strategies
- Optimise resource allocation
- Provide strategic input to key investment decisions

The Scope

- Decision-making
- Application process
- Enquiry to acceptance
- Arrival and orientation
- The learning experience
- The living experience
- Support services
- Recommendation

The Process

- Simple process requiring minimal administration at your end
- Dedicated i-graduate Account Manager
- Online survey, personalised to reflect the terminology used in your institution
- Good practice guidelines to achieve the best response rates
- Pre-load data from student records to shorten the survey by up to 30%, increasing response rates and enabling analysis to programme level
- Targeted reminders to non-respondents (optional extra)
- Reporting online and in person
