HEFCE new preferred supplier for DLHE survey

HEFCE have appointed i-graduate as the preferred supplier for the DLHE survey. The Destinations of Leavers from Higher Education (DLHE) survey collects information on what all leavers from higher education programmes are doing six months after qualifying from their course. The results provide a key indicator of initial steps into employment, earnings and postgraduate study. Many institutions choose to outsource the DLHE collection to simplify the process.

Mark Leung, Head of DLHE surveys, i-graduate, commented: "We are delighted to be HEFCE's preferred supplier. i-graduate have previously worked with more than 150 Further Education institutions, as well as 10 Higher Education institutions, to manage and implement the DLHE data collection. We have gained DLHE feedback from over 170,000 students and look forward to working with any colleges who are joining us for the next wave."

Colleges are registering now for the next wave of DLHE data collection which will take place from January 2017.

Notes to editors

About i-graduate

- The International Graduate Insight Group (i-graduate) provides the global benchmark for the student experience. We deliver comparative insight to the education sector worldwide, helping institutions deliver a world-class student experience to enhance competitive advantage
- Since 2005, we have worked with over 1400 institutions across 33 countries and have gained feedback from over 2.7 million students.
- Our benchmarking tools cover the entire student journey, from application to graduation. Our flagship International Student Barometer (ISB) has been implemented by the world's leading universities to track and enhance the student experience.
- i-graduate have been running the DLHE survey since 2009 and work with both HEIs and college to run the process.
- Visit our website to find out more about the DLHE and our full range of products.
